health and too busy to occasionally take a little necessary medicine, is committing suicide as surely as if he turned a pistol on his heart. Such a man dies by little degrees. First a little indigestion and a little neglect. Then loss of appetite. The bewels get clogged and the blood receives poisons instead of healthy nutriment. Old, inert tissues in flesh, muscle, nerve and brain are not replaced by new. The whole body gets stale. The very sleeping room of a man in this condition is filled in the morning with unwholesome odors as if it had been occupied by a decomposing corpse. It has been occupied by a decomposing corpse. It has been occupied by a decomposing corpse. It has been occupied by a man half-dead. The poisoned brain refuses to sleep and hates to work. Then comes the resort to the hypodermic injection of morphine and—speedy death. All this may be prevented by the use of Dr. Pierce's Golden Medical Discovery. It corrects all disorders of the digestion, makes assimilation perfect, fills the blood with the vital elements that make new tissue busy to occasionally take a little necessary medicine, is committing suicide as surely as if he turned a pistol on his heart. It's an insult to your intelligence for a dealer to attempt to pairs off upon you a substitute for his world-famed medicine. You know what you want. It's his business to meet that want. reason to regret it if you let a dishonest
